

Electronic Grease Meter

Fully electronic flow meter with digital display for an accurate metering of grease delivery to gears & bearings, Can be used on hand pumps, air operated grease pumps and cordless grease guns like **mobi.lube**.

*Finally reliable lubrication :
not to less and not to much grease !
Indispensable lubrication tool in every
maintenance shop*

- ⦿ Improved reliability
- ⦿ Avoids excess of grease
- ⦿ Avoids lack of lubricant
- ⦿ Accurate recording of lubricant usage
- ⦿ Pump system independent
- ⦿ High ROI : saves money on grease, time and machine repair

Meter mechanism.....	Oval gears
Flow range.....	1000 gr. / min.
Max work. Pressure....	500 bar
Burst pressure.....	1000 bar min.
Accuracy (after cal.)...	± 3 %
Battery life time.....	Approx. 10000 h
Power supply.....	2 x AAA alkaline bat.
Dimensions.....	∅ 60 mm x 60 mm H
Weight.....	0,5 kg
Inlet-outlet.....	1 / 8" BSP (F)
